4	Project manageme...	Contingency Rate	Various	76090	2238	
Total budget:				1249160	36740	

How much World Fund money would you like to use on this project?

You may request up to 14,400.00 USD from the World Fund.

Funding summary

DDF contributions: 18,000.00

Cash contributions: 4,340.00

World Fund: 14,400.00

Total funding: 36,740.00

Total budget: 36,740.00

[Exit](#)

[Next](#)

Sustainable projects provide long-term solutions to community problems — solutions that community members themselves can support after grant funding ends. Your answers to the questions below will help us understand the components of your project that will make it sustainable.

HUMANITARIAN PROJECTS

Project planning

Describe the community needs that your project will address.

It is difficult to increase the number of medical professionals due to the government policy, but we can increase healthcare personals' competency and Proper Medical Equipment. By providing the appropriate medical equipment can substitute the work process of healthcare personal.

From the assessment, we found that the hospital lack of Proper medical equipment, therefore we will provide two main equipment;

1. Central Monitor for detect vital Sign regularly as needed.
2. Hy Flo Respiratory Support for increasing oxygenation in severe respiratory disease.

How did your project team identify these needs?

We have the meeting survey with all management personal in Klongtom Hospital. Then we organized two focus groups, which are doctors, nurses taking care of critical patients. Also we made the 152 general surveys by questionnaires with the villagers, health volunteers, patients, patient's relatives and general people.

How were members of the benefiting community involved in finding solutions?

We organized two focus groups, which are one group of doctors, three groups of nurses taking care of critical patients. Also we made the 152 general surveys by questionnaires with the village health volunteers, patients, patient's relatives and general people who had experience about the emergency room.

How were community members involved in planning the project?

The hospital management and Rotarians has the meeting to set the project objectives, involve in community assessment, implementation plan, identifying required equipment, drafting the training programs.

Project implementation

Summarize each step of your project’s implementation.

Do not include sensitive personal data, such as government ID numbers, religion, race, health information, etc. If you include personal data, you are responsible for informing those whose personal data is included that you are providing it to Rotary and that it will be processed in accordance with Rotary’s [Privacy Policy](#).

#	Activity	Duration	
1	Set up Project committee	2 weeks	
2	Plan and conduct community assessment	2 weeks	
3	Discuss and set the project objectives and scope	1 week	
4	Meeting, acquiring all necessary information for project application	3 Months	
5	Equipment procurement and receiving	1 Month	
6	Training	2 Months	
7	Monitoring and evaluation	5 Months	

Will you work in coordination with any related initiatives in the community??

☒ Yes ☐ No

Briefly describe the other initiatives and how they relate to this project.

N/A

Please describe the training, community outreach, or educational programs this project will include.

Training 1

- Workshop on taking care of patients with Non Communicable Disease and Accidental Prevention and Treatment for Health Personnel

Training 2

- Workshop on Preventing Non Communicable Disease and Accidental Prevention, and How to Decrease Complication and Severity for Community

Training 3

- Workshop on how to use the Central Monitor and Parameters, Hy Flo and Nasal Canular

How were these needs identified?

People have already well aware about Non Communicable disease and Accidental Prevention. However, the proper equipment is not enough for the critical patients. Also, the intensive knowledge of prevention to the community is still very important. Moreover, the health providers should continually update the knowledge about disease and equipment for the full potential of use.

What incentives (for example, monetary compensation, awards, certification, or publicity), will you use, if any, to encourage community members to participate in the project?

Certificate for the participants.

List any community members or community groups that will oversee the continuation of the project after grant-funded activities conclude. 

Hospital management and Chief of Emergency Unit will oversee the continuation of the project. After the warranty, Klongtom Hospital will set the budget of maintenance of equipment and provide the continual training to all party concerned.

BUDGET

Will you purchase budget items from local vendors?

☒ Yes ☐ No

Explain the process you used to select vendors.

We shall acquire the quotation of similar equipment from 3 suppliers. Rotarian team will be responsible to negotiate the price. The select the supplier by considering the reasonable price, terms and conditions, reputation of the supplier, i.e. after sale service etc. One of Rotarian who is the medical doctor will be part of the receiving team.

Did you use competitive bidding to select vendors?

☐ Yes ☒ No

Please explain.

No bidding. Only acquire and negotiate the price and terms from 3 suppliers.

Do any committee members have a potential conflict of interest related to a vendor?

☐ Yes ☒ No

Please provide an operations and maintenance plan for the equipment or materials you anticipate purchasing for this project. This plan should include who will operate and maintain the equipment and how they will be trained.

There is the training for using the equipment for the full potential of use. The supplier will organize the training programs on how to use and maintain the equipment to the responsible personnel.

Describe how community members will maintain the equipment after grant-funded activities conclude. Will replacement parts be available?

After the warranty, Klongtom Hospital will set the budget of maintenance of equipment.
Also the equipment will be purchased from the local supplier, therefore, the spare parts will be available.

If the grant will be used to purchase any equipment, will the equipment be culturally appropriate and conform to the community's technology standards?

☒ Yes ☐ No

Please explain.

We choose the reliable and reputable supplier, so the equipment will be appropriate and conform to the community's technology standards.

After the project is completed, who will own the items purchased by grant funds? No items may be owned by a district, club, or member.

The equipment will be belonged to the Klongtom Hospital.
No items will be owned by Rotary District, Club or members.

FUNDING

Have you found a local funding source to sustain project outcomes for the long term?

☒ Yes ☐ No

Please describe this funding source.

After the Grant is completed, the funding source will be from the government.

Will any part of the project generate income for ongoing project funding? If yes, please explain.

No

Finalize & Submit

Step 11: Review and Lock

Now that you've answered all the questions, it's time to finalize the application.

▼ Open

REVIEW & LOCK APPLICATION

Review

It's important to do a thorough review of the answers to make sure all the information is complete and accurate before it's sent to authorizers. It's helpful to print the full view of the application to review each step.

 [View application as a printable PDF](#)

Lock Application

Locking the application will change its status from "Draft" to "Authorizations Required" and will be read-only to authorizers. District and club leaders who need to authorize the application will receive an email prompting them to do so. Once all authorizations are completed, the application is submitted to The Rotary Foundation for review.

To make any changes or corrections, project planners or authorizers will need to unlock the application first.

 Lock Application
